

**Amendments to the Specification:**

Please amend the specification as follows.

Please replace the paragraph beginning on page 53, line 19, with the following:

Alternatively, a conjugate of the invention may possess the following structure:

~~XV.~~ XVI

In structure ~~XV~~ XVI, "-NH-active agent" represents an active agent or surface comprising an amino group, preferably a biologically active agent, and the other variables are as previously described.

(This space intentionally left blank).
